1. HydroTap is a compact, self-contained unit, measuring 150mm x 150mm x 150mm, which can be installed in a small space.2. The unit is designed to be installed in a small space, such as a kitchen or laboratory, and is suitable for use in a small space.3. HydroTap is air-cooled so discrete cabinetry cut-outs are required for ventilation.4. Installation on most bench tops is straightforward however some stone bench tops may require a specialised cutting service.5. If you live in a hard water area, we recommend installation of a Zip scale filtration kit.6. Installation by Zip Professional Service can be arranged with a phone call or through www.zipindustries.co.uk
