Installation Requirements

1. Installation and connection of your Zip HydroChill must be carried out by a qualified person, observing national and local regulations.2. You will require suitable mains electrical and drinking water connections within 1 metre of the product.3. Discrete cabinetry cut-outs are required for ventilation.4. Installation for HydroChill 50 on most bench tops is straightforward, however some stone bench tops may require a specialised cutting service.5. Installation by Zip Professional Service can be arranged with a phone call or through www.zipwater.co.uk
